

Eversley Leisure Centre Morgan Sindall | Basildon

Eversley Leisure Centre, as a member of the Everyone Active group comprising 200 sites, provides extensive amenities. These include a spacious gym equipped with modern facilities, a 25-meter swimming pool with four lanes, and diverse group classes such as cycling, yoga, and aerobics.

Brief: The centre required a comprehensive washroom solution to meet the demands of its high-traffic environment. The washrooms needed to be durable, easy to maintain, and capable of withstanding heavy use while providing a clean and welcoming atmosphere for all visitors.

Solution: TBS Fabrications have installed a wide range of products including Splash cubicles, PDQ Panel & Frame, PDQ Vanity & Frame, Aquasafe Lockers, Aquabench- all supplied by TBS Amwell. For an amazing quality, on-time delivery and accurate installation, Morgan Sindall has awarded a Perfect Delivery Certificate.

Splash cubicles:

- Manufactured in SGL- water and impact-resistant
- Fitted with slide operated indicator bolts with emergency release facility
- Safe, robust and easy-to-clean which makes this range ideal for high-traffic environments.

PDQ Vanity & Frame:

- 90% quicker to install compared to a traditional timber system
- Hard wearing and durable, manufactured in SGL
- Various recess, material and colour options
- Arrives on-site as two units which makes it simple to-install.

Aquasafe Lockers & Aquabench seating

- Multiple configurations available
- Sports England compliant
- Over 30 laminate colours
- Various lock types for the lockers
