

St Mark's C of E School Morgan Sindall | Southampton

St Mark's Church of England School became Southampton's first 4-16 all-through school. To meet the community's demand for school places, the school undertook the ambitious task of demolishing the previous facility and constructing a new building.

Brief: St Mark's C of E School required a durable and reliable washroom solution to meet the needs of its students and staff. This solution had to be robust enough to handle the demands of a busy school setting, ensuring long-term functionality and ease of maintenance.

Solution: TBS Amwell's Splash cubicles, PDQ Panel & Frame systems, and Solid Surface Washtroughs were selected for installation throughout the school washrooms. These high-quality products were chosen to ensure durability, functionality, and a modern aesthetic, providing an optimal solution for the needs of St Mark's C of E School.

Splash Privacy cubicles:

- Manufactured in SGL- water and impact-resistant, perfect for busy washrooms
- Fitted with slide operated indicator bolts with emergency release facility for added safety
- Robust and easy-to-clean.

PDQ Panel & Frame:

- 50% quicker to install compared to a traditional timber frame
- Hard wearing and durable, manufactured in water-resistant Solid Grade Laminate
- Arrives on-site pre-assembled with pre-hung, labelled panels for easy installation.

Solid Surface Wash troughs:

- Hard-wearing and easily repairable
- Supplied with SGL under panels to conceal services and plumbing
- Consistency of colour finish throughout.
